Addendum D: Declaration of originality (plagiarism form)

The School of the Arts places specific emphasis on integrity and ethical behaviour with regard to the preparation of all theoretical and practical work to be submitted for academic evaluation. Although academic personnel will provide you with information regarding reference techniques as well as ways to avoid plagiarism, you also have a responsibility to fulfil in this regard. Should you at any time feel unsure about the requirements, you must consult the lecturer concerned before you submit any work.

You are guilty of plagiarism if you copy something, in part or whole, from another person's work without acknowledging the source and pass it off as your own. In effect, you are stealing something that belongs to someone else. This is not only the case when you copy work directly but also when you submit someone else's work in a slightly altered form without acknowledging it. You are not allowed to use work previously produced by another student. You are also not allowed to let anybody copy your work with the intention of passing it off as his/her work.

Students who are guilty of plagiarism will forfeit all credit for the work concerned. In addition, the matter can also be referred to the Committee for Discipline (Students) for a ruling to be made. Plagiarism is considered a serious violation of the University's regulations and may lead to suspension from the University.

For the period that you are a student in the School of the Arts, the under-mentioned declaration must accompany all practical work to be submitted. **No project will be accepted unless the declaration has been completed and submitted.**

Reflection

When I first came into the University of Pretoria and Multimedia at the beginning of the year, I did not have much experience with art and as a result my art skills were the best. However, over the course of the year I learned more and more about the basics of art and how to improve my skills which helped for me to develope my skills in art and becoming more confident in my art skills. I have accomplished so much over the past year making me feel proud about the progress I have shown and accomplished where I started off with not much trust in my skills to now being able to make a comic, critically think about my design choices for something I am drawing and even try to analyse what another artist is trying to convey. I have also gained a much stronger appreciation to art.
